Explain in detail what work was done on the case:

On Friday, Oct. 17, 1975, at 4:00 P.M., I was informed by D/C Richard H. Bates, Day Unit, to make a follow-up investigation regarding a shots fired complaint involving Alexius [illegible], of 2132 N. Birchwood Ave. Lt. Bates stated that he wanted the subject ordered in on Monday morning, Oct. 20, 1975, at 8:30 A.M., regarding this offense.

On Friday, Oct. 17, 1975, at about 6:45 P.M., we proceeded to 2132 N. Birchwood Ave., Milw., Wis., in an attempt to locate Alexius [illegible]. Upon our arrival, we met a Catherine Mary [illegible], W/F, [illegible], 23 years, of [illegible] N. Underwood Ave., Cudahy, Wis., [illegible]. She stated that she is the daughter of Alexius [illegible], and explained that her father is approximately 45-50 years of age, and that he is self-employed, in the "Home Improvement" business. Date of Offense 9-11-75

Explain in detail what work was done on the case:

On Friday, Sept. 12, 1975, at approximately 6:30AM, I proceeded to the area of the above listed offense. At 6:40AM, this date, we interviewed one Cathy [illegible] L., /F, , who, along with her boyfriend, Tom [illegible]WORTH, W/M, resides at 2054 N. Cambridge St. Both individuals are employed at the U.W. Student Union. They were questioned, and stated that they pass through this area at approximately 6:40AM, each day, and that on Thursday, Sept. 11, 1975, they neither saw nor heard anything out of the ordinary.

At 6:50AM, this date, we interviewed one Harry [illegible]SON, W/M, , of 2006 N. Cambridge St., employed as a supervisor/ maintenance man at Deaconess Hospital. Mr. [illegible]SON passes through this area, scene of the offense, at approximately 6:50AM, each day. On Sept. 11, 1975, he states, he neither saw nor heard anything suspicious or out of the ordinary.

At 7:00AM, we interviewed Mrs. Nancy [illegible]MAN, /F, , of 2056 N. Cambridge St. Mrs. [illegible]MAN is a student nurse at St. Mary's Hospital and leaves at various times of the morning for work. On Thursday, Sept. 11, 1975, she left for work at approximately 6:30AM; therefore, she saw nothing suspicious, unusual or out of the ordinary.

We then interviewed, at 7:15A, date, one Karl R. [illegible]DER, W/M, , of [illegible] Windsor, employed for the Allis Chalmers Corp. Mr. [illegible]DER states that he left his home at approximately 7:00AM, Thursday, Sept. 11, 1975, entered his auto and drove to Park and Farwell, to the cleaners. There, he dropped off some clothing to be cleaned, and returned to his home, at approximately 7:15AM or 7:20AM, Sept. 11, 1975. Upon entering his home, he heard "a lot of screaming and yelling" coming from a car parked at the rear of his home, in the alley. Upon he went to investigate, a short time later, he learned about the offense,

which, by that time, had already been reported to Police. He can add no further information to this statement.

At 7:25AM, we interviewed one Nikola BURGIJASEV, W/M, , of 1524 N. Windsor, who is a retired tailor from English Woolen Mills. This subject states that, regarding this offense, he saw nothing suspicious, unusual or out of the ordinary, on Sept. 11, 1975.

At 7:28AM, we proceeded to interview one Shirley MC CLURE, B/F, of St., who is employed for the Federal Reserve Bank, in Chicago, (Milwaukee Office). We had earlier been informed by Early Shift Officers, Detective Lt. Vincent Cartipilo, about a black woman who was in the area during the commission of the aforementioned crime. In our estimation, Shirley MC CLURE is the black female in question. Regarding this offense, Miss MC CLURE could add nothing to this investigation; she stated that she passed by this area at approximately 7:00AM, Sept. 11, 1975, but at that time, she neither saw nor heard anything suspicious or out of the ordinary, to her recollection.

At 8:00AM, we were called to the home of Sonya K. KOPPA, (nee DRIES), W/F, , of 2125 N. Newhall St., . Mrs. KOPPA is the neighbor who resides in the house directly north of the complainant, August MANIACI, and his wife. She states that on the day before MANIACI was slain, there was a delivery truck parked into his parking spot, at the rear of Augie MANIACI's home. The vehicle was described as being the size of a pickup truck, with sides, possibly a panel truck, blue in color. Two black males were unloading boxes, and carrying them into Augie MANIACI's home. Sonya KOPPA described these boxes as being approximately 4 feet long and approximately 1½ feet wide, taking both black males to carry them into the house. She described the males as being black, "big and husky", approximately 18 to 20 years old. Mrs. KOPPA thought this unusual, because they were carrying these boxes into the MANIACI home "after lunch", that is, about 1:00PM or 2:00PM, Sept. 10, 1975, and to Mrs. KOPPA's knowledge, neither August MANIACI or his wife, Mary, were at home, but away at their places of employment. Mrs. KOPPA then went to the front of the house to see if she could observe August MANIACI's auto parked there, but she did not; however, she did notice one of "the brother's" auto parked there (she does not know which brother). She described this auto as being from 3 to 4 years old, bluish-green in color, which she recognized as belonging to 1 of the MANIACI brothers, as she

On Thursday, 9/11/75, we went to 2069 N. Cambridge, at approximately 8:20pm, where in apartment 109, we contacted the owner of the building, Mrs. Hildegard SOWA, W/F, , regarding the occupants of her building and if she had anyone in the age range of middle to late 40s living in the building or who was permitted to park their car in the basement garage of this building. She could give us no information along these lines. She did say that she had a friend who came to their apartment building early in the morning and did some handy work for her in the building as she is a widow. xplain in detail what work was done on the case:

On Friday, Sept. 12, 1975, at about 7:05AM, we interviewed one Geraldine D. CARTER, W/F, of 1518 E. Windsor Ave. regarding the above listed homicide. Mrs. CARTER stated the following.

On Sept. 11, 1975, she and her husband, Karlton, W/M, , left their house at 7:05AM, walked south across Windsor through the alley, to a garage rear of 2050 N. Cambridge, where their auto was parked. There was an auto blocking their portion of the garage; she described the auto as a freshly-painted black or very dark blue 1964 Ford, with no trim. She emphasized that the freshness of the paint job was very noticeable. She believes that this vehicle bore Wisconsin license plates. Seated behind the wheel was a white male about 57 years old, 5'6" or 5'7", of medium build, with short, grey hair, wearing a grey felt hat, brown jacket and dark, horn-rimmed glasses with clear lenses. They asked this individual to move his car, as he was blocking their exit from the driveway. The man smiled very pleasantly and pulled the car north through the alley and stopped just before the sidewalk on Windsor, next to a large lilac bush. The CARTERS then entered their car and drove away, south through the alley. They did not notice where this dark-colored Ford went from there.

When asked if they could identify, the CARTERS stated that they would try, and that they would both appear at our Detective Bureau to view photos after work on Friday, Sept. 12, 1975. Geraldine is employed at the Milwaukee Boys' Club, 1400 block of N. Franklin; Karlton CARTER is employed at the Milwaukee Plumbing & Heating Co., located on 14th and St. Paul. They could add no further information at this time.

Explain in detail what work was done on the case:

On Thurs., 9-11-75, at 7:45a.m., Squad 101, A, Detectives Ronald Weiskirch and Richard Bates, along with Squad 101, Detective Warren Steinke and Raymond Koehler, under the supervision of Detective Lieutenant Carl Ruscitti, were dispatched to investigate a homicide in the alley at the rear of 2125 N. Newhall. Upon our arrival, we observed the victim, August MANIACI lying in an alley, alongside of his auto, which was facing in a northerly direction. His body at this time was covered by a rubber mat, which was placed there by Squad 13,A, Patrolmen Wigman and Thode because of relatives were viewing the scene. The left front door of the auto was open and the victim was lying parallel to his auto, with his head facing north. An examination of his body revealed that he was fully clothed and he was apparently dead with several gunshot wounds to his head. There were pieces of flesh and blood on the ground. He was lying on the right side of his head. Medical Examiner Robert SCHULTZ was also at the scene at this time.

The auto, a 1967 blue Oldsmobile, Wis. G95147, Serial #384397M118325, which was owned by the victim had a flat tire on the right rear. The victim apparently backed his auto in a southwesterly direction out of a parking space located in the rear of his yard and started to proceed north. He traveled only about one car length and apparently was g ing to check the flat tire. Upon emerging from his auto, the driver's side, he was probably shot by the suspect at this time.

There were 7 .22 caliber super X long spent casings lying in the alley to the rear of his body at various

7

locations, in a southwesterly direction from his body. These casings were photographed and the exact locations of same wer measured and documented by a City Engineer draftsman, Howard RUPPEL. As Detective Weiskirch recovered each casing and marked same with numbers 1 thru 7, Mr. Ruppel marked corresponding numbers on his diagram. These casings were placed on Inv. #482744. The body of the victim was conveyed to Mt. Sinai by Squad 13,A, Patrolmen Wigman and Thode, at 8:20a.m., and pronounced dead at 8:30a.m., by Dr. NAGHI MOTAMEDI.

Also investigation at the scene revealed that one of the bullets apparently fired at the victim struck the garage at the rear of 2525 N. Newhall. This garage is located in a northeasterly direction from where the body was found and the bullet entered the south wall of the garage. The bullet entered the garage approximately 23' 8" from the body in a northeasterly direction. The bullet entered the gagage approximately 3'7" in hight from the walk alongside of the garage and approximately 4'5½" from the southwest corner of the garage. The bullet exited inside of the garage approximately 5'3" from the floor level and 4'6" from the southwest corner of the garage. The slug came to rest on the garage floor, east of the exit hole on an angle approximately 9'6" from the exit hole. The slug was also located 6'11" from the east wall of the garage and 1'7" from the south wall of the garage. There were 8 photos taken of the entrance and exit holes, slug the garage, and the front address of where the slug was located. The slug was placed on Inv. #482745.

Other officers at the scene conducted various other investigations and will file the necessary reports regarding their investigations.

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, at 7:50AM, Squad 101, Dets. Steinke and Koehler, Squad 101A, Dets. Weiskirch and Bates, and Squad 163, Det. Lieutenant Carl Ruscitti, were dispatched to investigate a homicide, which occurred in the alley, rear of 2125 N. Newhall.

At the scene, we observed that the deceased was lying face down, in the alley, alongside of his automobile, which was parked facing in a northerly direction, in that alley, rear of 2125 N. Newhall. At the scene, Dets. Weiskirch and Bates took over the investigation of the point where the body was found, and Dets. Steinke and Koehler interviewed the following persons.

Interviewed P , M , W/M, 15 years, , of , a student at Riverside High School. P stated that on this date, Sept. 11, 1975, at 7:20AM, he was walking in a northerly direction, in the alley of the 2000 block of N. Newhall. He stated that when he was approximately 300 feet from the scene of the crime, he observed an unknown man get out of an automobile (the deceased). This unknown man walked around his car and looked at a flat tire, on the rear, passenger's side of the automobile. He stated that the unknown man then returned to the driver's side of the car, and it appeared as though he was going to re-enter the car, when suddenly, P observed a white male emerge from a gangway between two homes on the west side of the alley. He stated that he did not exactly see what the man who exited the gangway did to the man at the car; Neal stated, "I didn't hear a single shot. I saw nothing in his hand." The witness then stated that he immediately ran from the point where he was, which at this time, was about 100' from the scene, up to the man who was, at this time, lying in the alley. P further stated that he then looked to his left, which would be in a westerl

direction, and saw a white male, described as 17 to 20 years, 6'2", 200 lbs., having brown or black hair, extending to just below his ear level, wearing blue jeans and tennis shoes, and possibly, a sweatshirt, or T-shirt, run between the homes, in a westerly direction. The witness went on to state that, despite the fact that he did not hear a single shot, nor observe a gun, he did observe this fleeing subject put something into his pants, meaning, sticking something between his shirt and his belt, on the front of his body. The witness further related that at no time, did he see this man's face; he only observed the rear of the subject who fled the scene. The witness, N P feels that he could not identify this subject by looking at him from the front, but, in the event that the subject would be wearing the same clothes he had on at the time of the shooting, N P , would be able to identify the suspect from the rear.

At the scene, we escorted Mr. P back to the point where he first observed what was taking place in the alley, and went through, step-by-step, the chain of events as he described above. The whole time that was spent, from the first instant the witness saw the man in the car, to the time that the suspect fled the scene, took 35 seconds.

On Thursday, Sept. 11, 1975, we interviewed the wife of the deceased, MANIACI, Mary, W/F, , of 2121 N. Newhall St. Mrs. MANIACI stated that at 7:15AM, September 11, 1975, her husband, August, left the home, as he always does at this time, to go to work at the Prize Steak Co., located at 4264 S. 27th St. She stated that she observed him leave the home, and immediately went upstairs (of their residence) to change clothes, as she also works at the Milwaukee Inn, 916 E. She stated that at this time, she went downstairs, and walked out of the rear door of her home, but did not walk all of the way up to the car; as she got about half-way between her home and the auto, she observed that the right rear tire of the automobile, was flat; consequently, she thought that her husband had left the car there and walked to the filling station to obtain assistance with the flat tire. Mrs. MANIACI then returned to her home, and again went upstairs to finish dressing for work. She stated that after a couple of minutes, she again looked out of the rear window, and saw a young white male (witness, Mr. PACKARD) standing next to the car. Mrs. MANIACI again went outside, and this time, proceeded all the way to the car and around same, to the center of the alley, where she observed her husband lying in a pool of blood, in the center of the alley. She added that she screamed as loud as she could for the neighbors to call the Police and an ambulance. She then stated that a person unknown to her came by, removed her from the scene and escorted her back to her home.

Address where offense occurred: alley rear 2121 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case: On Wed., 9-11-75, during the course of this homicide investigation I was informed by Patrolman Jashinsky, that he had a witness who had some information regarding this offense.

At approximately 9:00a.m., I interviewed Pamela PIEPER, W/F, bn. , who resides at 1525 E. Windsor Ave., phone . Her home is located adjacent to the alley approximately ½ block south of where this offense occurred. She related the following:

"My husband, Robert was drying his hair in the bathroom and I was in bed. This would have been about 7:00 and 7:20a.m. My husband heard a car outside of the window and looked out and saw a car sitting in the alley. He said he thought it was a young male wearing a light pair of pants. He had driving gloves on and the car had a stick shift. The auto drove out of the alley, turned west on Windsor and must have gone south on Cambridge and then came back down the alley. Then hebacked into this lot. (She pointed to the rear of 2056-54 N. Cambridge). Then drove out again. It was a black Ford. It had round tail lights and my husband thinks it is a 1968. The reason my husband looked out is that we have had a lot of trouble with bikes getting ripped off and damage to our cars, so he took the license down and said if anything happens around her today, here is the license number." She had given the license number to Officer Jashinsky. This number was B86268. This checked and a listing of this plate revealed that it was listed to a Triangle Wholesale Corp., 2119 81st St., Kenosha, Wisconsin.

11

She further stated that her husband, Robert Boll, W/M, bn. , had gone to work, where he is employed at the Delta Bindery located in the vicinity of 124th and Fiebrantz, phone , and he is employed as a machinist for the firm.

At approximately 12:10p.m., Detective Ronald Weiskirch and Detective Lieutenant Carl Ruscitti went to the Delta Bindery located at 3725M N. 124th St., where we interviewed MR. Robert Boll, W/M, bn. He related the following:

"I saw the car, I would say between 7:00 and 7:15a.m., because my alarm goes off at 7:00a.m. I looked out the window and saw this black Ford, a 67 or 68. I saw one guy. He had tan pants and tan driving gloves on with open tops and bands around same. Because of numerous damages that have been occurring in our neighborhood, I took the license number. The driver then took off and drove right to Newhall, turned right on Newhall and came back into the alley. He then positioned himself by the grey garages. I went upstairs and noticed that he had dark hair, or black. The car didn't have a front license plate on. It had a floor shift, but, it wasn't a Hurst. It had a black knob for gripping. The license plate on the back I remember, I don't forget numbers, it was B86268. It was a standard 2 door hardtop Ford, black. He then drove up to the garage across the alley from my house and was reving up his engine as to make a getaway. His hair wasn't long, it was full. It looked like an Italian style haircut." He further stated that he then ~~made~~ paid no attention to the auto, as he had the license number and he gave the same to his wife. He stated that he then left the house at approximately 7:30a.m. and at this time, he observed the body in the alley and also that police were on the scene. He then went to work. He could add no more to this investigation, with the exception that he is positive it was a black Ford and had the license number as listed above. He further stated that if he could be of any more help, we could contact him at his home or at the residence above his, which is the ALLISON residence, phone . He stated he would be home from work on this date between the hours of 5:30p.m. and 6:00 .m.

xplain in detail what work was done on the case: On Thursday, 9/11/75, we were assigned a portion of the investigation regarding the above offense. We were given various names and addresses of relatives of the deceased and were to interview them regarding possible enemies or animosity he may have had between himself and friends.

At approximately 7:00pm, we proceeded to the home of a brother of the deceased, a Vincent Maniaci, 2025 E. Greenwich, Apt. 212. We rang the buzzer in the outer lobby of the apartment house, received no answer, proceeded upstairs, knocked on the door, received no answer there. Apparently no one being home, we then proceeded to the address of another brother of the victim this being an Edward Maniaci, 4436 N. Frederick. We were greeted at this residence by the wife of Edward, a Terri Maniaci, W/F, Mrs. Terri Maniaci informed us that her husband Edward is presently at the home of the deceased along with his other brothers. That home being 2121 N. Newhall.

While interviewing Mrs. Edward Maniaci, she was asked if there are any other brothers or relatives living in Milwaukee and she stated there were 10 brothers in the family, two living in California and one being deceased.

Regarding names and addresses of other brothers, Mrs. Terri Maniaci was very cooperative and gave us the following names and addresses of brothers. Joseph Maniaci, 2222 W. Brentwood, ; Theodore Maniaci, 4878 N. Shorland, Tony Maniaci, who is presently a patient at the Veterans Administration Hospital, having been there for some time; Arthur Maniaci, 2574 N. 62 St., These were the relatives that Mrs. Terri Maniaci could recall at this time, she was very upset at the time of our interview, having been to the home of the victim.

Also while talking to Mrs. Terri Maniaci, we explained that all of the relatives would have to be questioned eventually by our department and Detective Bureau and she stated that she would contact all of the relatives, telling them that the police department, Detective Bureau would like to interview them. She then asked me if it would be alright if the relatives could come to the Detective Bureau at a later date and be interviewed there. I stated this would be alright with us and she stated she would contact them and request that they come to the Detective Bureau to be interviewed.

Approximately 9:30pm, we went to the home of the victim at 2121 N. Newhall and there along with Lt. Vincent Partipilo, Detective Bureau, an interview was conducted of Vincent Maniaci, brother of the deceased. After concluding the interview at which time no information was received regarding this offense, we parted.

At approximately 10:25pm, we heard a siren return to the address of 2121 N. Newhall and there we learned from relatives of the victim that Vincent Maniaci had suffered a heart attack. The Rescue Squad and Fire Department were on the scene, Vincent Maniaci was on a chair in the home and a ambulance was called for and Police Ambulance Squad 81 arrived and officers Prostinak & Hirte conveyed Vincent Maniaci to St. Mary's Hospital for treatment for his heart attack.

All parties mentioned in this report were checked with Detective Clerical, not wanted at this time.

Explain in detail what work was done on the case:

On Thursday, Sept. 11, 1975, at 8:20AM, I, Det. Charles Gumm, was assigned to assist in the investigation of the murder of August Joseph MANIACI, of 2121 N. Newhall. The results of my investigation are as follows:

I interviewed N A. P. , W/M, age 15 years, , of 1916 N. Bartlett, ( ), who is a student at Riverside High School. His mother's name is Carol, and his father's name is Michael. This subject was an eyewitness to the shooting of August MANIACI. He stated the following.

On Thurs., 9-11-75, subject got up at 5:00a.m., on 9-11-75, to peddle his Sentinel paper route, which is bounded by Brady and Prospect to Prospect and Winsor. He returned home at 6:45a.m., and relaxed until about 7:10a.m. At this time, he left the home, walked down Bartlet St., north to Irving. At this point, he crossed the street and went down the alley going north between Cambridge and Bartlet. Being about half way down this street in the 2000 block, he noticed August Maniaci's auto being driven out of the parking space. He noticed that Maniaci got out of his auto and walked around to the rear right side and looked at the flat tire. Maniaci then walked back to the driver's side of the auto. All during this time, Neal was walking down the alley towards the scene, when Neal got about 100' from Maniaci and his car, he noticed a white male, about 200 lbs., about 6'2", wearing blue jeans and tennis shoes and a t-shirt or sweatshirt come up to Maniaci, raise his arms and the next thing he knew saw Maniaci laying on the ground. This subject then ran west through the yards at 2118 N. Cambridge St. Neal walked up to Maniaci and leaned down and saw that he had been shot in the head. At the same time, Mrs. Maniaci came out of the house and Neal yelled to her to call the police, but, Mrs. Maniaci continued

to come to the body, put her head on his body. At this time, N stated, 'Stay with him, I'll go call the police." N then ran down to the store on North Ave., known as the Pantry and told the owner, Roger to call the police. He then returned to the scene of the crime and noticed that a crowd was gathering. He stated, "Why would they shoot him." An unknown person said, "Must have been something that happened a week ago." Subject Neal was taken over the route that he had when he left the house and a diagram will be made regarding his path to the scene.

We then interviewed J T I , W/M, 12, bn. He lives at 1916 N. Bartlet and is the brother of N P . He stated that he got up at 5:00a.m., to peddle his paper route. His route runs from Cambridge, Kane, Bartlet, Irvin and Newhall. He has 93 customers. He peddles a paper at the Maniaci Home, 2121 N. Newhall. He stated that he finished his route about 6:15a.m., went home to watch tv for about one hour. He left the house about 7:15a.m., about 3 or 4 minutes after his brother N left the home. He then jogged down Bartlet north to Irving and then started to walk, when he saw his brother, who was about 300' ahead of him. He continued to walk and he observed his brother walking up and stopping at the Maniaci car. He got near the end of the alley at Windsor and he noticed a bluish-green auto, with an unknown white person in the car, which was parked in a parking space behind 2058-60 N. Cambridge. He st ted it was a Chevy Belaire. He knows this type of car because his father has the same Belaire, and a newer model. He continued to walk and when he got to the sidewalk of Windsor, he heard an auto start up. As he was walking across Windsor this auto drove out of the alley, went east on Windsor to Bartlet at a high rate of speed and went north on Bartlet. Subject continued to go to the scene of the crime, and he noticed a woman, who he believed to be Mrs. Maniaci leaning over the body of the deceased. He stayed in the area until his brother came back from calling the police. We went over his route that he took and a diagram will be made of the route that they took and of the amount of feet between each brother.

On Thursday, Sept. 11, 1975, we interviewed MILLER, Justin Mark, W/M, of 3965 S. 1st St., who is employed at the Klement's Sausage Co., located at 207 E. Lincoln Ave. Mr. MILLER stated that he is the son-in-law of the deceased, and is married to Margaret.

Mr. MILLER was questioned as to this knowledge of any flat tire on the automobile of the deceased, and he gave the following statement.

On Monday, Sept. 8, 1975, while at the home of the deceased, he was informed by his father-in-law that the right rear tire on his automobile, was going flat. At this time, Mr. MILLER attempted to remove the tire from the auto, but was unable to do so, as the lug nuts on the wheel rim were rusted, and he could not pry them loose; consequently, he took the automobile to Fazio's Garage, which is located at 2037 N. Farwell Ave., where an attendant at the garage loosened the lug nuts for him on the tire. Mr. MILLER then removed the flat tire from the auto, and replaced it with the spare tire from the trunk. Mr. MILLER said that as far as he can remember, the tire that was presently flat on the automobile, is the tire that he put on the car on Monday, Sept. 8, 1975. He further stated that the hubcap from the right rear tire was missing at the time he changed the tire.

Mr. MILLER could supply no further information at this time.

Erving, when she observed a silver Cadillac 4-door, large style, with a white interior, bearing Michigan license plates, blue background with white lettering, she does not remember the number. On the back seat of this vehicle, she observed 2 6-packs of Schweps bitter lemon soda. She stated that she noticed this vehicle as it was very pretty. She states that at that time, the vehicle was parked on the shoulder of Mr. Maniaci's garage who she has known for 23 years, and in back of Hmcira Cadillac Garage at 2117A N. Newhall. She stated that she proceeded north through the alley to the Open Hen Pantry at 1515 E. North Ave. and stayed for about 2 minutes, returning back to her mother's home at 2207 N. Newhall, coming south through the alley and into the yard. She st tes that at this time she did not noticed if the auto was still there or not. She states that she left the residence at 7:20pm, going out the front door, and walked on the sidewalk on N. Newhall to her home.

A check of 1717A N. Newhall shows this to be the garage of Henry H. CIRA. During out tour of duty, we have been unable to contact this person. Request day shift followup as to the ownership of the silver Cadillac bearing Michigan license plates.

Also noted by Kathleen Thiel was that normally Mr. Cira's garage, when open, the garage doors are open or the

Explain in detail what work was done on the case: Regarding above offense, on Thursday, 9-11-75, accompanied by Det. Lt. Edward Bauer we went to Kenosha, Wisconsin, on a follow-up investigation regarding above listed offense. Upon arriving at Kenosha, Wisc. Police Department, we had a conference with Det. Lt. Rudolph BOTZ, who gave us some basic information with which to proceed on, he assisted us by assigning two of his Detectives namely a John KISTELENSKI and Albert KRUSE, to assist us. We first proceeded to investigate a license plate which had been obtained by a witness to the above listed murder, 886-268. In our investigation we interviewed the owner of this plate, a Gene A. SPECA, 6206 Persian Blvd., Kenosha, Wisconsin. Mr. Speca was interviewed and stated he had sold his car about a month ago to a Charles JACKSON, who operates Jay's Tavern in Kenosha, Wisconsin. We eventually located Mr. Charles Jackson who confirmed that he had purchased a 1971 green Lincoln Continental from Mr. Speca and at time of purchase, Mr. Speca left on the license plates as aforementioned. Mr. Jackson said last Wednesday his car was towed due to electrical trouble to Cliff's Garage, 7850 Sheridan St. in Kenosha. At the time it was towed he believed that both plates were still on the vehicle. He could add no further useful information. He stated that he does have two sons, one named Jack, 18, J 17, and neither one owns a vehicle that matches the murder car, both boys are in school on time this a.m.

We then proceeded to Cliff's Garage at 7850 Sheridan Rd. in Kenosha, WI and we did locate the 71 Lincoln Continental which we found to have only one plate still on it, the rear plate, the front plate was missing. We confiscated this Wisconsin license plate, 886-268 as evidence and it will be placed on inventory. We also checked the car, the front end, the bumper area

where the plate had been stolen from for latent prints, obtained several smears which are not good for identification purposes. As aformentioned this car has been standing for 8 days exposed to the elements.

We then interviewed neighbors, close to where the 71 Continental had been parked on the garage lot. #1 was a Dan SKOWRONSKI, W/M, 39, of 7839 14th Ave., Kenosha, and he could not add any useful information. He stated he has noticed the car parked there for about a week, but did not see anybody tampering with the front end.

We then interviewed an Eleanor SCHAPPERT, W/F, bn , of 7847 14th Ave., Kenosha, and she stated she has also noticed a green 71 Continental on the garage lot for approximately 5-6 days, and added that yesterday, Wednesday, 9-10-75, at about 7:00 p.m. she did observe a black auto, make and model unknown, park next to the home at 7840 Sheridan St. in Racine, which is in close proximity to where the 71 Lincoln was parked. She said this auto had one or two young white male occupants, one occupant did alight and go thru the above address and speak to a babysitter there before leaving.

We then checked several addresses and eventually did locate a Mrs. Barbara MONTAYO, W/F, bn who does reside at Sheridan St. in Kenosha. She stated that yesterday during the evening she was employed at a nearby tavern as a barmaid and employed a babysitter to watch her children while so employed. She stated this babysitter was ayoung girl named Linda LUGO, who resides at 1706 74th St. We attempted to locate Ms. Lugo in an attempt to determine who the young white male in the black auto was, who was at the residence as aforementioned. We eventually located Linda Lugo in a local hospital where she was being treated for an injured leg and she stated the person that did come to visit her was a Raymond BIGGS, W/M, bn of 22nd Ave., Racine. She stated Mr. Biggs drives a dark automobile possibly a Plymouth. She could add no further useful information except that he is about 6' tall, 180, thin build, and has his right arm in a cast.

We then proceeded to the residence of Raymond Biggs, he was not at home, we were unable to locate him during our tour of duty. Early Shift Detectives have been assigned to follow up in an attempt to locate Mr. Biggs to question him as to his whereabouts during time of offense, etc. Further investigation pending.
